RSSzine Font Sizes

You can test all font sizes.

RSSzine Font Sizes

Below are samples of how your PDF will look with different font sizes.
If your PDF will become a Turning Page Magazine, use as big a font as possible so your readers don ' t have to scroll.

Penny Haynes

<http://www.RSSzine.com>

Penny Haynes is a software designer, web programmer and multimedia producer. She loves finding new ways to use old tools to make it easier to promote your business. On a personal note, she has a husband, 2 almost adult children and 7 squirrel hunting dogs.

If you would like to learn more about the software and offerings I have to offer, please check out the following:

NOTE: When you use larger fonts the About Author information can start overlapping onto the Author Information area. You will have to reduce the number of sentences in the About Author area to fix this.

NOTE: If you are going to use large fonts, use the 1 Column option. Larger fonts don't look good in 2 column formats anyway, but this will cause your Author Information text to create a 2nd overlapping column. So stay with 1 Column with larger fonts.
